27	28	29	30			

This will be the BEST raffle of the year, including all of the (good) tokens listed in the raffle box in last month's newsletter (we used other material last month instead), plus gold and silver pieces.

Next Meeting

The next club meeting will be held on Thursday, November 17, at 7:15 p.m. at the Redwood Multi-purpose Center, 3100 South, Redwood Road. Note that this is one week earlier in the month than our meetings are usually held. Obviously, Thanksgiving would not be a good time for most club members to attend a meeting.

The November meeting will be a bourse/trading night. Also, the raffle will be exceptional, with both good tokens and gold and silver pieces available. It has been over six months since the last bourse, and the board thought another such night this year would be well received. Please come and bring a friend. There should be something for everyone.

Token Hunter Notes

Some club members have recently made suggestions about ways to improve the Token Hunter. These are appreciated. They will be even more appreciated if they are made in writing. The December issue will likely be little more than an announcement of the Christmas party, but starting in January we'd like to try whatever club members think would be best. So, between now and then, if you have some good ideas, let's hear them! Nothing is better content for the Token Hunter than contributions from club members.

P.S. Is there somebody who would like to run a write-in campaign for editor?

President's Message

Dear NUTS:

This month's meeting will be a special bourse night, and maybe a guest speaker. For those who may not know, a bourse night is a swap and show night. Everyone can bring tokens, medals, paper items, and whatever, and trade or sell them to someone else. These nights are always requested by the club membership. Everyone likes to increase his collection and talk about new finds, weather with a metal detector, or in grandma's sewing machine box. It should be a fun time for everyone.

Last month's meeting was a great success. Richard Gabel gave us a good view of the technical aspects of metal detecting. We would sure like to have Richard attend all of our meetings. He is a great resource. We thank him for being a club meeting speaker.

The long awaited booklet that Norm Johnson and I have been working on has arrived. The Token Rarity and Popular Pricing Guide for Utah Towns is on sale to club members for \$6.50. Other details follow in this newsletter. More than 200 hours of work went into the booklet. It is very informative and I highly recommend it to all club members and dealers. All proceeds from the sale of the work go to the club.

We had several nominations for various club officers this past meeting. If anyone would like to run for an office, he should contact Bill Turpela and get his name on the ballot. Other details follow in this newsletter.

See you at the meeting,

Bob

Bill's Bull

I didn't get a story in last month, so I have a "double" for this issue.

We made another trip to Nevada in October. We had a little contest with John and Joe. We learned a lot from it. As far as Larry and I are concerned, we'll never do it again. It's more fun doing things our way. Sorry John and Joe, No more contests. We like just having fun treasure hunting our way.

John and Joe screened a 1911-S five dollar Indian gold piece, a quarter, a dime, a penny, and a token. Larry and I ended up on the whole trip, contest and all, with 5 tokens, a quarter, 2 dimes, 2 nickels, and a penny. Nevada beat Utah in the contest, however.

Wow, going on all over the country, and with our club, are elections. I guess its just that time of year. We as officers feel that we had a good year as a club and hope that new officers will do even better in 1989. They will need the support of all club members. As a friend, I'm asking for your support at the meetings, next year's token show, and all club outings. We need, and have missed, a lot of you. Don't forget that, with Turkey day and all, the club meeting will be Nov. 17th, same time of day and same place. Hope to see you all there.

Happy Token Hunting,

Bill

Proposed By-Law Amendments

The following amendments to the by-laws of the National Utah Token Society have been proposed:

That the following paragraphs be added to Article I.

Any person of good character, 18 years of age or more, who has been a member of this society in good standing for a at least one year, and subject to approval as described hereafter, may become a life member of this society.

Upon completion of his term of office, past presidents shall receive the honorary title of life member. This shall be by a membership in name only and such members shall be subject to the requirements of Article III of these by-laws.

These two paragraphs will be referred to as Amendments 1 and 2 on your election ballot.

It has also been proposed that the following paragraph be added to Article III:

Every member applying for life membership shall at the time of his application for life membership pay a one time fee equivalent to the amount of fifteen (15) times the current regular annual dues at the time of payment.

This paragraph will be referred to as Amendment 3 on your ballot.

Nominations for Club Officers - 1989

The following individuals were nominated to the following offices at the October club meeting:

President - Harry Campbell
Vice President - Byron Elfors
Secretary - Bill Turpela
Treasurer - Deb Sornsen
Editor - Norm Johnson
Wagon Masters - Greg Manos
Eric Jameson
Don Sornsen

If you wish to have your name added to this list for any office, contact Bill Turpela.

Town List Published

It's Here! The Token Rarity and Pricing Guide for Utah Towns is finally off the press. The booklet contains a list of Utah Towns where tokens are known to have circulated together with some of the kinds of tokens which were issued, their rarity and value, and comments concerning them. The price to club members is \$6.50. Out-of-state club members can obtain a copy by writing or calling Bob Campbell. If he sends you a copy in the mail, he'll probably have to charge you and extra \$1.00 for postage, etc.

We wish to thank all contributors who completed survey forms, otherwise provided us with information, or helped in some other way. The comments about the list we have heard so far have been positive. The editors/compiler learned much from the project. We have new found respect for Harry's work. Although we're not planning to rush right out and put together another booklet, we are very interested in your comments, feedback, suggestions, and such.

Department of Army Treasure Hunting Policy for Federal Lands

The U.S. Army Corps of Engineers is drafting a policy on the use of metal detectors for civil works lands nationwide. It is scheduled for completion on January 13, 1989. Comments should be sent to:

Robert W. Page
Department of the Army
Office of the Assistant Secretary
Washington, D.C. 20310

or

John P. Elmore
Chief of Operations
REDINESS DIVISION
HQ USACE (CECW-ON)
20 Massachusetts Ave.
Washington, D.C. 20314

There are relatively few Corps of Engineers' lands in the western United States compared to in the East. Nevertheless, the Department of Army's policy will set a precedent for the policies of other federal agencies, such as the Departments of Interior and Agriculture which manage most federal lands in the West. Serious metal detector enthusiasts should not miss the opportunity to provide input into the policy making process.

It will only take a few minutes to sit down and write a letter. Simply explain why you think it is important for federal lands to be left open to folks who like to metal-detect. Such folks do not tear up the landscape with gaping holes, they don't steal pre-historic artifacts, and they don't do anything particularly dangerous. They ought to be left alone.

A stack of letters from all over the country would definitely make a difference to a federal official with a policy-drafting assignment.

Quartzite, Arizona, Treasure Hunt

On Feb. 4, 1989, the Modern Gold Miner and Treasure Hunter will sponsor a treasure hunt in Quartzite, Arizona. There will be thousands of dollars of prizes. Entrance fee will be \$40.00 at the time of the hunt, or \$25.00 in advance. For more information contact Dave McCracken at 900 West Apache Trail, Apache Junction, AZ 85220 (602) 983-3484.

THE NATIONAL UTAH TOKEN SOCIETY

The National Utah Token Society is dedicated to collecting, recording, and preserving tokens and medals, particularly Utah tokens and medals. Club members have a variety of collecting interests. Also, many are metal-detecting treasure hunters. The club meets monthly at the Redwood Multi Purpose Center, usually on the fourth Thursday of the month. Club meetings include a raffle and prizes, an informative speaker, informal gab, and lots of fun. The club also organizes treasure hunting "digs" and publishes a monthly newsletter, the Token Hunter. Annual membership is \$7.50 for an individual, and \$12.50 for a family. If you would like to join, or would like more information, send your name and address (and a check for membership, if you like) to:

National Utah Token Society
1123 E. 2100 S.
Salt Lake City, Utah 84106

Use these flyers to recruit a couple of friends to become members of the club. New members who join in the last three months of 1988 need not pay dues in 1989.
